A gas leak in Vicksburg shuts down a busy highway.

The Mississippi Department of Transportation says Highway 80 east of Mississippi 27 is shut down in all directions.

MDOT says pipeline crews must find and stop the leak.

This leak is near the M&M Rocks Company.

This is a natural gas leak and so far there have been no injuries or evacuations.

It will take at least 4 hours to correct the problem and reopen Highway 80.
